

Calimero's Christmas Game

This fun, easy game is a great way to bring children of all ages together, including adults who are still young at heart!

What you need:

Cards (one per player) with a character from the Calimero animated series drawn or printed on each one (you can even include animals, fruit, people etc.).

How to play:

Each player receives a card, which they should keep secret and not show to anybody! Taking turns, each player looks at his or her card and the others have to ask questions to work out which character it has on it.

Just to make things a bit more challenging, the only answer the player can give is "YES" or "NO"!

The winner is the player who guesses the most characters.

Have fun, and... merry Christmas!
